

Concordia University

Department of Geography, Planning and Environment

Opportunity for Part-Time Teaching

Course:	GEOG 474 Sustainable Forest Management
Level:	Senior undergraduate
Capacity:	30
Format:	Lecture & Seminar (1 Field Trip)
Schedule:	Wednesdays 18:00-20:15 – Fall Semester
Contract Period:	2 September 2019 to 20 December 2019;
Remuneration:	\$8,217.09
Affiliation:	The Concordia University Part-time Faculty Association (CUPFA)
Seniority Earned:	3 credits

Course Description:

This course looks at changes in the exploitation and sustainable management of the forest resource in Canada and the United States. Topics include the evolution of harvesting strategies and their effect on species composition; the effects of technological changes in cutting, transportation, and milling on forests; and the recent evolution of the tension between environmentalists and foresters. There is a mandatory field trip.

Eligibility Requirements:

Minimum qualifications for the teaching position are a Masters in an appropriate or related field (PhD preferred), appropriate expertise for the course in question and teaching experience. Applicants must be Canadian Citizens or Landed Immigrants.

Specific expertise required for this course includes the exploitation and sustainable management of the forest resource in Canada and the United States. The candidate needs to be knowledgeable in harvesting strategies and their effect on species composition, on the effects of technological changes in cutting, transportation, and milling on forests, and be able to discuss the recent evolution of the tension between environmentalists and foresters. There is a compulsory field trip with this course, normally at the Morgan Arboretum.

Apply:

Please submit a CV, a proposed course outline, and a letter outlining your qualifications to teach the course and your general approach to teaching. Course evaluations from past courses taught, if available, are welcome. Submit application to Annie Pollock, Department Administrator, Geography, Planning and Environment via e-mail: annie.pollock@concordia.ca
