Providence College’s baccalaureate program in Biology seeks one full-time visiting faculty member to fill a one-year position beginning in **August 2021**. The successful candidate will have a demonstrated commitment to and/or experience with engaging diverse students both in the classroom and potentially through collaborative research experiences.

This candidate will be expected to teach the program’s required introductory general biology course and lab sections, and an upper level course lab course in the area of organismal or environmental biology for majors and environmental biology courses for non-majors. The position includes health or dental insurance benefits, and the salary at PC is competitive.

To apply: Applicants are required to have a Ph.D., a strong commitment to undergraduate education, and be able to foster an inclusive, collaborative atmosphere among students and faculty. Applicants should submit on-line a curriculum vitae, graduate transcripts, a statement of teaching philosophy, and three letters of reference. Review of applications will begin by **July 10th, 2021** and will continue until the position is filled. Application details are available on the career site at: [https://careers.providence.edu](https://careers.providence.edu). Inquiries may be directed to **Dr. Patrick Ewanchuk**, Chair, Department of Biology, 1 Cunningham Square, Providence College, Providence, RI 02918; phone (401-865-2394), or email (ewanchuk@providence.edu). For more information about our program, please visit our website: [https://biology.providence.edu/](https://biology.providence.edu/).

**About Providence College:** Providence College is a Roman Catholic; four-year liberal arts institution conducted under the auspices of the Dominican Friars and seeks candidates who can affirm and contribute to its mission. Providence College is committed to upholding an academic culture and campus community that attracts and supports the development of a diverse faculty reflecting the global environment in which we live and work. An Equal Opportunity/Affirmative Action Employer, the College especially encourages applications from women and people of color.
