PhD Position at SUNY ESF in Forest Entomology

Forest Entomology faculty at the State University of New York College of Environmental Science and Forestry (SUNY ESF) in Syracuse, NY seeks an outstanding highly motivated PhD student who can think independently with excellent written and oral communication skills beginning Fall 2020.

Students will be provided with opportunities to develop their own dissertation research in the lab of one of the following faculty:

- Dr. Melissa K. Fierke, mkfierke@esf.edu, https://www.esf.edu/faculty/fierke/
- Dr. Dylan Parry, dparry@esf.edu, https://www.esf.edu/faculty/parry/
- Dr. Stephen A. Teale, sateale@esf.edu, https://www.esf.edu/faculty/teale/

This position will be supported in the first year on our prestigious John and Henrietta Simeone Endowed Fellowship in Forest Entomology followed by funding either via a Departmental Teaching Assistantship or a Research Assistantship, depending on the project.

For more information, please email the faculty member in whose lab you are interested in joining.

To apply: Submit a single pdf to one of the faculty listed above that includes a cover letter summarizing your qualifications and interest in the position, a CV, unofficial undergraduate and graduate transcripts, GRE percentile scores, and contact information for three references. Applications will be reviewed in order received; those submitted by 7-Feb 2020 will receive priority. Once accepted by your lab of interest, you will apply to the SUNY ESF Graduate Program.

Preferred Qualifications:

- MS degree
- Publications indicating a record of academic and research excellence
- Experience with R and basic statistics

Anticipated start date is mid-Aug 2020.

SUNY-ESF is an equal opportunity, equal access academic institution that embraces diversity and inclusion in the workplace.
