

# Call for Abstracts!

## Research Symposium

**Biomass North AGM and Forum:**  
**Growing the Bioeconomy - Combatting Climate Change**

This Forum is focused on moving the Canadian Bioeconomy further along the value chain through knowledge sharing, technology demonstrations, workshops and building strategic partnerships.

The Forum's **Research Symposium** will take place on **Tuesday, October 25<sup>th</sup>**. This year's theme is the **"Triple Bottom Line"**.

October 24-26, 2016

Clarion Resort  
Pinewood Park

North Bay, Ontario

The symposium is primarily focused on applied research and best practices in today's bioeconomy. We invite researchers to submit proposals for presentations and talks that focus on the following three benefits/opportunities within the broader emerging bioeconomy:

Environmental  
Impacts

Economic  
Impacts

Social  
Impacts

### HOW TO APPLY:

Please send a completed **abstract submission** to [francisg@biomassnorth.org](mailto:francisg@biomassnorth.org) by September 30<sup>th</sup>, 2016.

Biomass North Development Centre
