

International Seminar on Sustainable Forest Management Community Governance and Fire Risk

Date: September 4th, 2024

Time: 10 am – 1 pm

Location: Institut des Sciences de la Forêt Tempérée - Université du Québec en Outaouais

Zoom:

https://videoconf-colibri.zoom.us/j/99703711433?pwd=AqHGDtvOwJLNAdPVt0cCGjTJwubz4e.1

Join us for an interesting seminar on forests. Join us from anywhere.

Resume:

This seminar aims to share the knowledge and experience of people with different responsibilities in forest management worldwide. Different governance models, their concerns, challenges, and ultimately have the same future goal: Sustainable Forest Management.

It will have captivating case presentations from Quebec, Spain, and Portugal, covering:

- Forest Governance;
- Fire Risk Mitigation;
- Collaboration with Local Communities, Landowners, and Authorities.

Discover innovative strategies and gain insights that can shape the future of our forests.

Why should you attend this seminar?

- Experts Network: Establish contacts with leading researchers and professionals on the subject;

- Gain new knowledge: Learn about the latest strategies and research results in sustainable forest management in other regions of the Globe;

- Contribute to solutions: Be part of the discussion and help shape the future of forest governance and fire risk management.
