

FOREST TREES Workshop at PAG 34

Dear Forest Tree Genomics Community:

As coordinators of the Forest Tree Workshop and Deputies of IUFRO Working Party 2.04.10 - Tree Genomics, we are pleased to continue the tradition of organizing the **Forest Tree Workshop at the Plant and Animal Genome Conference (PAG 34)** (<https://intlpag.org/PAG/>). The workshop will be held on **Sunday, January 10, 2027, from 8 am-12:40 pm in Pacific C** at the Town and Country Resort, San Diego, CA.

As in previous years, we solicit **draft abstracts for consideration for oral presentation** at the Workshop. Abstracts will be reviewed based on the quality and novelty of the science, while also considering the results, diversity in research topics and organisms, geographic representation, research groups, and career stages of presenters. We particularly encourage submissions from **early-career researchers**.

If you would like your abstract to be considered for an oral presentation, you **MUST** submit a 250 word (maximum 1,800 char. incl. spaces) abstract to this site: [Forest Tree Workshop Abstract Form](#) **NO LATER than Saturday, October 24, 2026, 23:59 Pacific Time**.

Abstracts selected for oral presentation will receive additional information for how to submit abstracts prior to the deadline (which is **Tuesday, December 8th**).

Abstracts not selected for an oral presentation can still be presented as posters by submitting them [directly to PAG](#). The deadline for poster abstract submissions is **Friday, November 6, 2026**.

Please note that the **PAG early bird registration deadline is October 31, 2026** and rates go up on November 1. Rates for workshop speakers are the same as attendees; however, selected speakers will be able to request a discount code from PAG that protects from paying the increased rate after October 31. Additional details will be provided to selected speakers.

Thanks for your interest and participation in the workshop. We look forward to receiving your abstracts and seeing you in San Diego!

Questions? Let us know!
